April Newsletter

Hello KPC Friends and Families!

We hope you all have had a great first week of April.

This month we are happy to announce the continuation of all of our new classes (Tumbling, Freestyle, and Digital Music).

If you were unable to attend our trial classes you are more than welcome to [book your free class](#) and join us anytime this month!

Aside from our new classes, we're excited to start our spring session of community classes, open registration for our summer camps, and continue preparation for our own show "[The Endemic](#)" on June 13th and 28th.

All of our classes will have the opportunity to perform at both shows so be sure to register for classes as long as spots are available!

With that being said, find out more details below, reach out if you have any questions, and have a wonderful April!

Summer Camps

This summer we are offering a total of 6 different summer camps in **June**, **July**, and **August**.

Join us for a week full of Hip Hop dance styles, music, and history culminating in an unforgettable performance on our last day!
